The seven weeks old twin children of Mrs. Della Owens died Thursday July 8th. The burial took place Sunday, at the Proctor graveyard. —Jones Proctor was in Brodhead last Saturday and Sunday, on business(?). —Our school house which has for a while been pitilessly invaded by the rain, is at last protected by a new roof. —The farmers are hustling now to make up for time lost, in their crops. —We are to have a revival service here before many weeks. The regular monthly preaching service to be conducted by Rev. James Riddle, on the first Sunday of each month.

The measles in this part is about checked, we are glad to say. —Dock Langford bought a new mowing machine and hay rake last week. —Miss Thursa Johnson paid a short visit to homefolks Saturday, starting Sunday to her school at Old Chestnut Ridge. —Mr. J. Boring and little daughter, Bertha, were in Livingston visiting the first of this week. —Rev. James Riddle filled his appointment at Sand Hill Sunday.

The Lancaster base ball team defeated Wilmore 5 to 3 at Lancaster Friday.

The 12-year-old son of Vest Barnhill, of Williamsburg, was run over and killed by a coal car.

J. B. Robinson is dead in the Buena Vista section of Garrard. Charles W. Metcalf, of Pineville, was elected president of the Kentucky State Bar Association at Paducah.

John Albuckle, aged 10, died at Richmond of lockjaw caused by a small splinter penetrating under his knee cap.

A mile of railroad track and a bridge were washed away by a cloudburst in Whitley county. The damage will reach \$50,000.

Joe Hilton, a K. C. brakeman whose home is at Richmond, was caught between cars at Brush Creek and seriously injured.

Get DeWitt's Carbolized Witch Hazel Salve when you ask for it. There are a great many imitations but there is just one original. This salve is good for anything where a salve is needed to be used, but it is especially good for Piles. Sold by Chas. C. Davis.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

LIVINGSTON

Tom Bostle living near the mouth of Scaggs Creek died Saturday of typhoid fever and was buried Sunday.—Mrs. Charley Bryant died Thursday and was buried Friday. She leaves a husband and one small child.—Dr. J. W. Sams, of the Gauley section, was here Saturday.—The union Sunday-school picnic will be Saturday 17th., everybody come and bring a full basket and let's have a good time.

Rev. James Riddle preached at Sand Hill Sunday.—John Sebern and family have gone to Taylor county on a visit and S. E. Helmer will drive old Alex and deliver the freight while he is gone.—Colonel Sam Ward is very sick.—Miss Annie Fishback has returned from a house party given at McKinney's station.—Joe Helton, L. & N. brakeman, while making up his train here in the yard was caught between a car and a switch stand Friday night seriously hurt. Dr. Childress was called and he was taken to Richmond.—Miss Elizabeth Fishback is visiting Miss Ethel Mudd, of Louisville.—Tom Berry, while playing ball at Hazel Patch, had one of his fingers almost torn from his hand. Dr. Childress dressed it and we hope he will soon be O. K.—H. G. Mullins of Mt. Vernon was here between trains Sunday.—Miss Mary Dye-house, of Preachersville, is visiting Mrs. George Pope.

Misses Louan Whitehead and Bessie Sparks, of Mt. Vernon, were here between trains Sunday.—Miss Grace McCall stopped here Sunday between trains enroute to Maresburg.—Mrs. Charley Whitehead has been very sick this week.—A thief or some thieves entered L. H. Davis' store Sunday night and relieved him of from \$75.00 to \$100.00 worth of goods and jewelry. We are sorry such things happen but so long as there is so many hoboes, tramps and loafers such things will be done.—The second nine of Livingston played Hazel Patch Sunday. The game was 17 to 6 in favor of Hazel Patch.—Miss Irene Bowers, of Paris, is visiting her brother, Howard Bowers.—There was a lively game of ball here Saturday between Livingston and Wildie, with the score in favor of Livingston.—The blackberry crop is now on and you can see the pickers going in all directions.—Marshal Ferguson of Mt. Vernon, came down Friday night to arrest a certain man. The house was guarded all night but upon examination next morning they found the bird had flown.—T. M. Little Mamie Quigling is very sick at this writing.—Uriah Adams has returned from Estil Springs not much improved.—On last Saturday night, within 20 steps of the Baptist church, Robert Kinley and Fred Elkins engaged in a fight in which Robert Kinley had three ribs broken and injured internally. Dr. R. G. Webb was called and Kinley was carried to his office where he was examined, he is in a very dangerous condition but is resting better at present. Elkins was arrested by Deputy Sheriff Niceley and gave bond and his trial set for Saturday at Mt. Vernon. If boys when they go to church would go in the house instead of hanging around the door, as the case is with several of the boys here, much trouble would be avoided. Or stay away until they would go into the house where they belong.—Gerome Adams has been very sick but is some better now.—Mrs. T. D. Lamb is very low.—We wish to call attention of the town trustees to the fact that over twelve months ago they passed an ordinance in Livingston that every property owner on Main street must concrete his walk. Almost everyone obeyed the law by putting down concrete walks. But there are yet three places on Main street that have not yet been

fixed. We wish to ask the trustees what the matter is and would it not look better to have this done? There are several interested in this matter. Let us hear from you by having those ugly gaps fixed.—Mrs. O. R. Foley and little Dollie are visiting Mrs. T. P. Foley, of Richmond.—Mrs. Lottie Burton who has been sick for about eight months still continues to get worse.—Mr. Richard E. Kemper, train master of the Henderson Division, was here to see his uncle J. S. Cloway this week.—Mrs. Ida Garrett and Misses Ida, Victoria and Dora Mullins, of Mullins Station, were here visiting Mrs. Arch Mullins this week.—Mrs. Laura Thomas, of Louisville, is visiting her daughter, Mrs. Will Hanks.—Mrs. Joe Payne, of Corbin is visiting her daughter, Mrs. Smith of this place.

A Profitable Invitation

This invitation is presented with the hope that it may be of some service to our patrons. There is nothing that offers such a two-fold opportunity to the individual as a bank account. The money you save and deposit in the Bank is yours—It is at your command at any time to better your condition, to start you in business, to build a home, to invest profitably—a hundred and one things that systematic saving puts within easy reach of any person. At the same time that money saved is going into circulation through the medium of the bank; it is being used right here at home and is making for the prosperity of the community.

We offer our depositors every service and convenience in transacting business. Our bank is here to further your interests and the interests of the community to the best of its ability.

Come in and ask questions. If you do not have an account with us open one, no matter how small. We will give it the same attention and you the same courtesies that we accord the man whose business runs into many thousands of dollars. We will take the same pleasure in the growth of your account that you do yourself.

M. S. BAUGHMAN, the defeated candidate for the Democratic nomination for sheriff of Lincoln, has come out in another long address to voters of that county urging the fact that he was robbed of the nomination. If Mr. Baughman is desirous of electing a republican ticket in Lincoln this fall he should be encouraged to keep up his fight and we believe he will be successful. The spirit of rule or ruin is not to be commended in any one and more especially one who has time and again been honored by his party.

Sparks and Davis are having considerable trouble holding a crew of men, on account of so much rain, that it is impossible to get in anything like regular time and both crews of the Bulgarians have quit and returned to the city. Steady work and plenty of stale bread is what it takes to hold the "Bulls".

NOTICE TO HOLDERS OF STATE WARRANTS.

This office is informed that in the future the Auditor will discontinue sending Treasurers checks for amounts due claimants, but instead will mail his warrant to claimants, thereby causing them the necessity, and danger of misdirection and possible loss in the mails, by remailing the warrants to the Treasurer for payment.

As a matter of safety and convenience to those receiving warrants, as well as to this office, I would suggest and advise that ALL WARRANTS sent out by the Auditor be deposited with your local bank for collection.

It will probably not be possible to pay all warrants just yet, but those that we are unable to pay will be returned with checks for those that are paid.

If the above suggestions are complied with, payments can be made with more promptness, and possible loss through the mails reduced to a minimum.

WANTED:—All the teams I can get to haul plow beams and lumber from mill on Dry Fork to Mt. Vernon, a distance of 4 miles. I also want several good logging teams. W. M. BULLOCK, Hansford Ky.

Berea ball team came over Friday, for a double header with the Mt. Vernon team. The morning game resulted in a score of 9 to 1 in favor of Mt. Vernon and the afternoon game Berea suffered defeat by a score of 8 to 4.

The Berea boys, played very good ball but were out of their class when they went up against Mt. Vernon's crack nine.

Batteries for Mt. Vernon; Barnett Tate and Tate; Berea: Bengie and Edwards, and Jackson and Edwards. Umpires Benton and Conn.

Mt. Vernon base ball boys went over to Lancaster Wednesday to cross bats with the Lancaster boys. It was an interesting game, but full of errors. The four runs made by Lancaster and the one score for Mt. Vernon were all made on errors. It was purely a pitchers' battle from start to finish. George Proctor, Mt. Vernon's right fielder and Joseph Lancaster's third baseman, were the stars of the game. Batteries for Mt. Vernon; Bass and Tate; Lancaster; Watkins and Donehey. Umpires Harris and Benton.

It is useless to talk and preach clean streets when the business men make no effort to keep the streets looking like anything in front of their property. Good people when you clean up and beautify the streets in front of your own property, please bear in mind that You more than any other individual are benefited. You are not doing free gratis work for someone else. We would suggest that out in the middle of the street is no place to burn the waste paper, rubbish etc., more or less of this rubbish does not burn and it is then scattered over the streets. The ash piles, and piles of burnt paper are not very beautifying to the streets. The town board should supply a place for dumping such waste matter and then see to it that it is taken to that place. Because it has been a practice for years to dump every thing into the middle of the streets is no reason why it should be kept up. How many of those who go to the main street with their rubbish would think of taking the waste material from their homes and emptying it in the front yard? Not one, yet the same theory applies in each. Let us all go to work to help our town and make it as attractive as possible. We have a good town, inhabited by the best people in the land, yet none of us do for the town what we ought to do. Let 'a better Mt. Vernon' be the watch word for us all.

WANTED:—Fifty good men to work in quarry at Mt. Veruon, will pay from \$1.35 to \$1.50 per day. SPARKS & DAVIS Mt. Vernon Ky.

WEBER-LEWIS WEDDING.

A nuptial event of wide social interest and which was quiet in all its arrangements was that of Miss Maytie Weber and Mr. Sam D. Lewis, of Mt. Vernon, Ky., solemnized this morning at 9 o'clock at the home of the bride's mother, Mrs. William M. Weber, on Missionary ridge.

The marriage was witnessed only by the relatives and a few close friends of the bride and groom. The entire house was decorated for the occasion with quantities of yard flowers, palms and ferns. Miss Lucy Hall, of Knoxville, played Lohengrin's wedding march announcing the approach of the bridal couple, who stood before an improvised altar in the front parlor banked with ferns, ivy vines and stately palms. They were joined by Dr. Ira N. Boswell, pastor of the Walnut Street Christian church who in pronouncing the marriage vows used the full ring service.

The bride wore a reception gown of natural shade pongee, with hat of the same tone and carried an arm bouquet of bride roses.

The ceremony was followed by a two-course wedding breakfast, served in the breakfast room, which was attractive in nasturtiums and lilies, observing a color motif of yellow and white. The brass candelabras wore shades of soft yellow, resting on the tables and buffet.

Mr. and Mrs. Lewis left shortly afterwards for their wedding trip, which will include a stay at French Lick Springs. They will go later to Mt. Vernon, Ky., where the groom is a prominent attorney. Mt. Vernon is also the former home of Mrs. Lewis. Her going-away gown was a green linen tailored suit, with hat to match. Mrs. Weber was assisted in caring for the wedding guests by her daughter, Mrs. J. B. Robinson, and Misses Ann and Jane Weber.

The bride and groom are both representatives of prominent family connection, and have many friends who remembered them with beautiful wedding gifts.—The Chattanooga News.

STAR BRAND SHOE TALK

"STAR BRAND SHOES ARE BETTER"

The Roberts, John-son & Rand Shoe Company started in business a little less than eleven years ago. They were determined from the beginning that the "Star" trade mark which appears on the heel of every shoe that they make should become an emblem of honesty and supremacy in shoe manufacturing. They were determined that no one should ever have an opportunity to doubt the fact that "Star Brand Shoes Are Better".

Their unequalled record shows what can be accomplished when a set of men get together and determine to make an article that is superior to any similar article on the market.

The success of their honest "Star Brand" shoes and honest methods was instantaneous. Their business has grown steadily each year, in fact this Company has had the most phenomenal growth of any shoe house in the world.

The "Star Brand" Shoe Company has eleven immense specialty factories—the largest group of high grade shoe making plants owned and operated by any shoe manufacturer in the world.

Only nineteen traveling salesmen represented this organization when it began business, but now their traveling force numbers over one hundred salesmen who cover all parts of this and many foreign countries. There are over 5000 people employed by this great shoe making concern. These "Star Brand" shoe workers with their families, the butcher, the daker and the candle-stick maker, would make a city of 25,000 or 30,000 people. Think what a wonderfully big body of people this really is.

Over 3,000,000 people wear "Star Brand" shoes and over 15,000 successful merchants, whose aim is to give their patrons the best the market affords, sell them. The "Star Brand" shoe sales for the year ending Dec. 10, 1908, were \$10,228,618.77.

The "House of Stars" has shown an average gain of one million dollars in shipments every year of its existence. Two different years the gains in shipments amounted to more than two million dollars. These are records never equalled by any other shoe house in the world.

It is truer now than it has ever been, that "Star Brand Shoes Are Better." You will find in our shoe department, a complete line of these "Better" shoes, including all the nobby effects for spring and summer dresswear.

We cordially invite everyone to come to our store, inspect this honestly constructed, snappy, all-satisfying footwear, so that they may enjoy the pleasure of "Walking On Stars."

"WE WALK ON STARS—SO CAN YOU."

Eat What

You want of the food you need
Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it. Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength. You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

Our Guarantee

Go to your druggist today, and purchase a dollar bottle, and if you can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delay.

We will pay the druggist the price of the bottle purchased by you. This offer applies to the large bottle only and to but one in a family.

We could not afford to make such an offer, unless we positively knew what Kodol will do for you. It would bankrupt us. The dollar bottle contains 24 times as much as the fifty cent bottle.

Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.

MEN'S BAD DAYS.

The critical days of man which the Viennese scientist has discovered have their interest for the layman as well as for the investigator of the mysteries of existence. That the law of recurrence could play so active a part in the comfort of human life few persons would have believed. Dr. Swoboda's theories are still too new to have stood the test of investigation, but they are of vital interest. In the opinion of the discoverer of these laws no man escapes them. The Viennese professor begins the exposition of his theory with the general statement that physical conditions occur at stated periods, not from external causes but with mathematical regularity, in accordance with a law of the physical nature of man.

The manifestations of the law in the so-called critical days of man are sometimes trivial, sometimes more serious, but their outcome is always favorable. They have no final bad effect. These symptoms of the critical period never occur more frequently than at intervals of twenty-three or twenty-eight days apart. The human organization is too complicated to allow its workings to be made clear even by means of this key. The same symptoms may be caused by the human being's own actions. Any excessive expenditure of energy is attended by a diminution in force which causes a recurrence of the critical days. These irregular appearances of the symptoms that mark a critical day in human life may also be caused by emotional strain. Professor Swoboda cites as an instance of such phenomena the smartness of pain following the death of a beloved relative, which becomes poignant twenty-three days after death, endures for the same number of days and then subsides. There are other cases in which the effect of the critical day shows itself recurring at short intervals, which are in fact fractional parts of the regular period of twenty-three or twenty-eight days.

This view of the importance of periods in human affairs reverses many medical ideas. One of its results is the theory that man is subject to diseases only when the constitution has not the strength to combat them. These evidences of the critical days are, it might be explained, commonly mistaken for evidences of ill health; since they show themselves in such forms as cold, inflammation, an eruption on the skin, weakness of heart, faintness, dizziness, irritability, indigestion. At these times the will is weakened and the subject is irresolute and depressed. Men have been known at this time to expose themselves to danger without directly attempting suicide. The theory not only shows the growth of life, it also shows its decline. In the view of the periodic illness death is no single sudden event. It is the last of the critical days.—New York Sun.

LIFE 100,000 YEARS AGO.

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. To day the danger as shown by A. W. Brown of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Throat, Colds, obstinate Coughs, and prevent Pneumonia, its the best medicine on earth. 50c and \$1.00. Guaranteed by Chas. C. Davis. Trial free bottle.
